Time is Ticking Away

www.316ministryZ.com

For believers who have been in the faith for a long time, we often neglect the importance of spreading the Word of God. God gives each of us our own special talents, abilities, spiritual gifts, and unique life situations to share our testimony and the Gospel. But the distractions of life prevent us from being effective witnesses for Christ. Every one of us can, no doubt, testify that we have missed opportunities to share the Gospel or be an encouragement to someone who genuinely needs it. Aside from the fear of sharing the Gospel, I believe our biggest hurdle to overcome is thinking we have all the time in the world. We easily get side-tracked into different things in life that steer us away from God's desires for us, even for those of us in Christian ministry careers.

As part of the 316 Prophetic Seminar Series, I (Mike) have been researching extensively and preparing material in order to clearly and thoroughly teach what the Bible states concerning the rapture of the Church. It is a much more difficult subject to tackle than I first realized. There are a variety of opinions on the timing of the Rapture and good arguments for each position. What is unique about the pre-tribulation rapture doctrine is that although it is not my primary motivation for getting the Word out, nevertheless it compels me to continue in the ministry which God has called

me to. I am also excited and more than willing to connect with you and take you through the teachings that are a part of the prophetic seminar series. There is so much that the body of Christ needs to understand! So if you are interested, please reach out to us. You may have studied this topic in the past, but there is probably quite a lot of teachings that you've never considered before and the body of Christ needs to clearly understand what the Bible teaches regarding these things.

Project 316's Continued Impact

Most of you know how valuable the audio players have become for Hmong believers. And this is especially true when a new believer receives an audio player. I wish I could sit down and personally disciple a new believer in Christ, but many of those new believers are inaccessible because of where they live. So it is of great encouragement to receive reports that the audio players are getting directly into the hands of new believers. The timing is pivotal, but the process of discipleship is long. Although I cannot be there to provide discipleship when a new believer receives an audio player, I still rejoice that we are able to play a significant part in the believer's growth. It is difficult to ascertain what is truly happening in the hearts of believers, but based on the testimonies of the past, we can be assured that the Project 316 audio players are making a significant impact in the lives of many! We look forward to talking to our Hmong brothers and sisters someday, either here on earth or in Heaven, about the important role the audio players have become in their faith.

*God bless, and maranatha,
Mike, Sonja,
Sinjin and Mikaela*

Prayer Requests Please pray...

- For the new believers to use the Project 316 audio players daily so that they can grow in their faith.
- For additional funds to buy more audio players.
- For further development of the 316 Prophetic Seminar Series.
- Praise God for the continued impact the Project 316 audio players are having!
